**JOIN US TO CELEBRATE HOW OUR
YOUNG PEOPLE ARE RESHAPING,
REWIRING, REIMAGING THE FUTURE**

PLEASE RSVP HERE BY 21ST APRIL 2023

EMPOWERING YOUNG ENVIRONMENTAL CHAMPIONS

We cordially invite you to join us for an exciting event as we showcase the social impact project created by school students as part of the **Young Environmental Champions** program. Over the past 10 weeks, these young minds have dedicated themselves to creating a project that will bring about positive change and contribute towards achieving the United Nations Sustainable Development Goals.

Their projects will highlight the students' creativity, innovation, and passion for making a difference in the world. We believe that this project will inspire and motivate everyone who attends the event.

Lunch will be provided between 11.30am - 12pm and we'd love to have you join us if you can. Please reply and let me know if you can attend the lunch, as well as any dietary requirements you have.

After lunch, we will start the judging. The process will include students sharing a brief presentation of their project, followed by an opportunity for the judges to interact with the students and ask a few short questions. We expect approximately 10 projects with the pitches to last 5 minutes each between 12pm and 1pm. Afternoon tea will be served 1pm-1.30pm and at 1.30pm the judges will announce their top projects!

We look forward to your presence at this event and your support for the future leaders of tomorrow.
